Profile

I am looking for a team based working environment with helpful and supportive members. It is important for me to be challenged daily, learning new skills as well as building on those I have gained through my coop and education

Experience

COOP @ INTELLIGRATED, MASON OHIO | MAY - AUGUST 2016
- Helped create a web app for easy test automation scripts and test case designs
- Worked to integrate existing web application with QTest (via API)
- Setup Jenkins for automation development

COOP @ GATES AIR, MASON OHIO | MARCH - MAY 2015
- Created functions for Buffer Speed calculations and Buffer setup
- Setup test cases using WireShark, Shunra and other software tools

COOP @ GATES AIR, MASON OHIO | JUNE - AUGUST 2014
- Worked on Project N+1
- Utilized C programming language and the CodeWarrior environment
- Managed data parsing (XML) and memory location

COOP @ HARRIS BROADCAST | SEPTEMBER - DECEMBER 2013
- Maintained website for the Low-Power Fax Transmitters
- Worked with JSON data and JavaScript

GADGET REVIEW WRITER @ ECS MEDIA, KATHMANDU NEPAL | JULY - MAY 2010
- Published monthly reviews on latest gadgets available

Education

UNIVERSITY OF CINCINNATI, OHIO
- COMPUTER ENGINEERING UNDERGRADUATE - MAY 2017
- MASTER OF SCIENCE COMPUTER SCIENCE - MAY 2017
